CAD & THE DANDY

Established in 2008, Cad & The Dandy has garnered a loyal following with its modern approach to tailoring and uncompromising attention to craft and hand skills, with a house style more fitted and elegant than a traditional Savile Row suit.

Showcasing the finest quality, with a full floating canvas, intermediate fittings and fully handmade construction, this is the suit that every man wants for one of the most important days of his life.

ABOUT US

At Cad & The Dandy, we understand the importance of getting the right look to reflect your personality, style and the theme of the event.

Our tailors are expertly trained to help you create your own unique outfit, down to the last detail, ensuring every groom and their groomsmen look perfectly put together on the big day.

In addition to the ceremony we can also customize a bespoke look for the engagement photos, the rehearsal dinner and the next day breakfast as well as being on hand to provide experienced advice on completing the look with shoes, cufflinks, tie, bowtie, pocket square and any other accessories you may require.

THE PROCESS

The bespoke process begins with an initial consultation with one of our tailors. We will take your measurements and discuss your style preferences offering options from formal suits, morning suits, black tie and white tie as well as more casual choices for summer and country events.

Every aspect of the suit is totally customised and unique to you, from cloth choice, lining, lapels, buttons, pockets and more.

With many options to choose from, we will help guide you through the process to ensure you get your perfect suit.

Our Prices:

Bespoke Suits start from \$2000

Bespoke Tuxedos start from \$2300

Bespoke Morning Suits start from \$2400

Bespoke White Tie start from \$2980

THE FITTING

Your Cad & The Dandy tailor will gather all the necessary details at your consultation to begin the process and create your pattern. This acts as the physical template for your bespoke garment.

From here, we move on to the first fitting, fine-tuning and adjusting your pattern before cutting the final cloth, resulting in the delivery of your unique wedding suit, perfectly cut and made to your individual requirements and specifications.

The process takes 8-10 weeks and our team will be on hand throughout to ensure a timely delivery for the big day.
